Our special meal offer

Due to our many years of experience and consistent ongoing training, we prepare special meals for our customers according to their personal needs and requirements. These special meals are available for all types of allergies, intolerances, metabolic conditions and for customers from different cultural backgrounds, who don't eat pork or beef, for example. In order to safely create wholesome anti-allergy meals, we require a medical certificate.

We supply our special meals with individual delivery notes in food compartment trays with name labels. Our special meals department creates a menu plan that is specifically tailored to the customer; they can choose from either a monthly or a weekly menu plan as required.

Using our special food, our dietician assistants prepare fresh and wholesome meals daily.
